Cook Time: minutes

Ingredients

__ 1-1/2 cups of Heavy Cream, whipped to stiff peaks

__ 1 small can of sweetened condensed milk

__ 3/4 cup of Pure Pumpkin Puree

__ 2 tsp of Pumpkin Pie Spice

__ 1 tsp of Vanilla Extract

1) In a large bowl, whisk together the condensed milk, pumpkin puree, pumpkin pie spice and vanilla extract until well combined.

2) Fold in the whipped cream, making sure you do it gently so you don't deflate it.

3) Pour mixture into a plastic container with a tight fitting lid and pop it in the freezer overnight.

4) Allow it to rest at room temperature for about 10 minutes or so before serving.

NOTE: Its very important that the cream is well whipped to stiff peaks in order to achieve a creamy consistency so don't skip that step! :)
